

## Burndown Chart for Sprint 4

Burndown Chart [Switch report](#) ▾

P301 Sprint 4 ▾ Story Points ▾

We started Sprint 4 on Mar 12 and ends on Mar 26. We planned to complete 6 user stories and completed 6 of them. Compared with Sprint 3, our velocity increases because our team members are getting more and more comfortable with react programming. Also, since the database has been setup and working correctly, tasks such as fetching data from database are all going smoothly.
